Learning Styles Questionnaire - Peter Honey and Alan Mumford

We all have preferred ways of learning and learn better from some activities than others. This comprehensive booklet provides individuals with all the tools they need to identify their preferred learning styles, to select learning opportunities that suit stronger styles and to develop weaker ones.

Two versions are available, the 80-item version and the 40-item version.

Trainer Styles Questionnaire - Peter Honey

Trainers and developers have learning style preferences too! But, it is one thing to think of your preferences as a learner and another to think of your preferences as a trainer. The Trainer Styles Questionnaire featured in this booklet is a useful way of exploring the issues from a trainer's perspective. Written in the same style as The Learning Styles Questionnaire booklets it contains helpful insights we hope will contribute significantly to your continuing professional development as a trainer.

Continuing Personal Development - Peter Honey

Everyone - not just 'professionals' - needs to continually develop their know-how, expertise and talents. This is vital in order to keep up to date in the face of relentless changes and to remain marketable/employable. This booklet makes a strong case for CPD by dealing with all the main objections and suggesting ways to keep people motivated.

How to Become a More Effective Learner - Peter Honey

A 70 page workbook which features the learning skills questionnaire which helps people explore the extent to which they exploit learning opportunities, use learning-friendly behaviours, crystallise their learning, transfer learning from one situation to another and continually learn how to learn. It is also packed with 40 practical suggestions for action, which will help people to develop their learning skills.

Teams and Teamwork - Peter Honey

A booklet that can be used either by individuals to become more effective team members or by a group as a communal team-building process. Contains questionnaires that explore team roles and teamwork.

Valuing Diversity - Peter Honey

Everyone, everyday has to deal with diversity. The challenge is to turn the differences between people to advantage rather than suffering them or merely tolerating them. This booklet will show you how to use those differences as a powerful lever to get better results and greater harmony.
